STORM DOOR FEATURES

ON THE COVER

Deluxe™ 397 Full View storm door in Sandstone with Camden hardware in Black

- A** Smooth function is essential. That's why we include a quality door closer in every storm door package. Varies by model. Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.
- B** Extruded aluminum frame adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.
- C** All our storm doors are constructed with tempered safety glass.
- D** Color matched aluminum installation screw covers ensure a finished look.
- E** Non-operable sashes are secured by our color matched polycarbonate clips or an internal sash lock system. Varies by model.
- F** Each door features quality hardware that adds beauty and functionality to your new storm door. Varies by model.
- G** Durable, oven-baked polyester finishes are backed by a Lifetime Warranty for lasting beauty and low maintenance.
- H** Corrosion-proof corner gussets enhance the structural integrity of the door.
- I** Our bottom expander with sweep allows for a beautiful custom-fit to any entry. Varies by model.

STORM DOOR FINISHES

Every ProVia® storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality.

PAINT FINISHING SYSTEM

Our paint process is computer controlled, ensuring professional quality every time. Paint is electrostatically applied with a vertical hydraulic reciprocator using a turbo disc that atomizes the paint particles for better coverage of contoured extrusions.

PAINT COLORS

🎨 Denotes Trending Color

Always refer to our color selector for accurate color representation.

LIFETIME FINISH WARRANTY

For all Storm Doors

STORM DOOR FEATURES

TOP STORM DOOR FEATURES

- ✓ Custom sizing availability
- ✓ Can be keyed to match entry door
- ✓ Optional double mortise hardware
- ✓ Custom door configuration ability
- ✓ Ability to match paint color to your ProVia® entry door

SASH/SCREEN CONFIGURATIONS

INVENT™ RETRACTABLE SCREENS:

- The screens are housed inside the door frame and affixed to the sash rails. Moving the sashes up and down will reveal the screen for ventilation.
- Only available on **Spectrum™** storm doors.

STATIONARY SASH/SCREEN:

- Either a sash or screen may be ordered to be used interchangeably.
- Sash clips or internal cam locks are built into the storm door to lock the sash or screen in place and keep them secure (see *sash clip/internal cam lock call-out on page 2*).
- Available in all **Decorator™** models and select **Deluxe™** and **Superview™** models.

DURAGUARD™ SCREENS:

- This specialty storm door features a stainless steel screen that cannot be removed from the frame.
- In select models, a removable sash can be added to fit over the fixed screen when ventilation is not necessary.

SELF-STORING SASH/SCREEN:

- The sashes and screen operate on separate tracks in the storm door to allow ventilation, while eliminating the need for seasonal removal and storage.
- **Deluxe** self-storing models include a full screen and **Superview** self-storing models include a bottom screen.

Internal Sash Lock System

This spring-loaded, flush mounted lock secures the glass, virtually eliminating rattles and air leaks.

ACCESSORIES & GLASS OPTIONS

All pet doors are factory installed and only available on storm doors with reinforced kickpanels.

Interior

Exterior

Standard option for Spectrum™ Storm Doors

DOOR SIZE	DIMENSIONS	PET WEIGHT
Small	6" x 10"	up to 20 lbs.
Medium	9" x 13"	up to 40 lbs.
Large	11" x 17"	up to 100 lbs.

RANGER® PET DOOR

Engineered from the best raw materials for a rugged, long-lasting door.

- **Cellular PVC Frame** – Strong, weatherproof, and mold-resistant, and 3,000X more insulating than metal frames.
- **Rugged Flap System** – The insulated flap system is made from premium materials for maximum energy-efficiency, pet safety, and durability. The flap has an insulating SBR rubber core, protected with marine-grade canvas on each side.
- **Locking Security Panel** – All door-mounted RANGER dog doors include a locking security panel.
- **DoubleMag™ Technology** for an airtight seal that keeps extreme weather outside.

COLORS

- Clear flap with white interior/exterior frame and a white locking panel on the interior (pictured to the left).
- Grey flap with black interior/exterior frame and a black locking panel on the interior.

See entryLINK for details

FREEDOM® PET DOOR

- Solid aluminum construction with locking panel
- Soft single flap for tight weather seal
- White mitered aluminum frame
- Only available with heavy-duty closers.

TINTED GLASS

Tinted glass can help reduce UV transmittance, solar heat gain and glare. Each tinted glass option provides a room a whole new look, providing its own unique set of benefits. Be sure to choose the right one for your home.

Disclaimer: Tinted glass images are shown against a white background to highlight the color. Actual appearance will vary based on factors such as the direction the glass is facing, surrounding light conditions, and whether it is shaded or exposed to direct sunlight.

"To serve, by caring for details in ways others won't." It's not just our mission, but a way of letting our light shine every day at ProVia®. We continually strive to put these words into action by providing unmatched quality and service. The P-icon symbolizes each employee's commitment to devoting the utmost care, pride and quality into each building product we manufacture...it's The Professional Way.

At ProVia, we manufacture energy efficient products and exercise corporate environmental stewardship by recycling, reducing pollution emissions and much more. In fact, our company has received repeated awards from the Environmental Protection Agency such as Partner of the Year - Sustained Excellence for Door and Window Manufacturing.
