**SHOWN: Versa Custom**
Adding Inspirations™ Art Glass to doors and windows naturally enhances the beauty of glass while infusing personality into distinctive focal points of your home.
A PROVIA EXCLUSIVE

Inspirations™ Art Glass allows you to do just what the name suggests – let your doors and windows reflect the inspiration of your imagination with your choice of design and color.

**Designs** | The process begins with conceptual design. Our beautiful Inspirations Art Glass styles originate from the imagination of our in-house designers.

**Resin Bead** | The design pattern is created on our computer software and sent to a CNC machine which applies a resin bead to the surface of the glass in one of our four stylish colors.

**Color Fill** | Five distinct color palettes are offered, empowering you to perfectly reflect the personality of you and your home. Our craftsmen hand-apply this color fill to your glass.

**Our Guarantee** | The resin bead and color fill are backed by our Lifetime Limited Warranty, and will not fade, blister or peel away from the glass.
CAPTIVATE WITH COLOR

The greatest advantage of Inspirations™ Art Glass is the opportunity to add color to your glass. We’ve created a variety of unique color palettes to suit your home’s style.

We also offer four resin bead colors: Silver, Black, Gunmetal and Clay. Combine your favorite color palette and bead color with your choice of design to show your personality on your home’s entryways and windows.

CREATING YOUR OWN INSPIRATIONS DESIGN IS EASY

With our iPad app or ProVia Studio, design your own unique color palette just the way you want it.

GLASS OPTIONS

MAINTAIN YOUR PRIVACY

Our Privacy Collection Glass offers several options that allow light to filter in while creating an obscured view from the outside. When our hand-applied color fill is added to an area it brings even more vibrancy and elegance to your home.

All our Inspirations designs are available with these optional Privacy Collection Glass types.

Note: The obscurity of our privacy glass is achieved by the glass’ surface texture. When liquid color fill is applied to the surface of textured glass, it fills in the low spots, resulting in a clearer, more transparent glass.
TAFFETA
Made to resemble the texture of taffeta fabric, this abstract swirling pattern brings a whimsical feel to your home.

GLUECHIP
This popular pattern resembles ice crystals on glass in the winter, a striking effect that blocks visibility without blocking out light.

CHINCHILLA
Created to resemble chinchilla fur, this elegant obscure texture provides maximum privacy.

OBSCURE PEBBLE
A dignified pebble textured glass that exquisitely reacts to our color fill.

**Warm Edge Glazing Systems**

Entry Systems, Patio Doors and Windows with Inspirations Art Glass utilize our ComforTech Warm Edge Glazing System.

Each Inspirations™ Art Glass piece is filled by hand. The possibilities of color variations, striations and other natural effects mimic the look of stained glass and are not to be considered flaws. They are a natural characteristic of a hand-made product.
The Lily series brings you a burst of harmonizing and beautiful color while alluring an inner peace in your home. With your own personal tastes and style, Lily makes a fresh artistic statement that complements all architectural style homes.

“To serve, by caring for details in ways others won’t.” It’s not just our mission, but a way of letting our light shine every day at ProVia®. We continually strive to put these words into action by providing unmatched quality and service. The P-icon symbolizes each employee’s commitment to devoting the utmost care, pride and quality into each building product we manufacture…it’s The Professional Way.

At ProVia, we manufacture energy efficient products and exercise corporate environmental stewardship by recycling, reducing pollution emissions and much more. In fact, our company has received repeated awards from the Environmental Protection Agency such as Partner of the Year - Sustained Excellence for Door and Window Manufacturing.
